has successfully completed the online Professional Certificate

Asana AI-Driven Campaign & Content Workflow Management

Now that you have completed the Asana AI-Driven Campaign & Content Workflow Management Professional Certificate, you have built practical marketing operations skills using Asana. You have structured and monitored campaign workflows, managed content and review processes, evaluated AI-assisted status and priority signals, created dashboards and governance practices, and designed automated intake and workflow processes with Forms, Automations, AI Studio, and related Asana AI capabilities. This certificate recognizes your completion of hands-on learning and projects across campaign planning, reporting, governance, and workflow automation.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
